**Colin McLaughlin** [c.i.mclaughlin@lancaster.ac.uk](mailto:c.i.mclaughlin@lancaster.ac.uk)

Tel: 01524 510443/7 Fax: 01524 510491

[www.infolab21.lancs.ac.uk](http://www.infolab21.lancs.ac.uk)

If your ICT business is interested in new technology, our graduates can help you to evaluate issues, solve problems, build a prototype, test or devise a theory, all for free.

### Project Details

These 4 month projects are defined as a result of consultation between an organisation, business development staff and supervisors. The project will focus on a problem faced by the organisation, be of interest to the students and relate to the objectives of the programme. Additional technical supervision and support may be provided by InfoLab21's Knowledge Business Centre, which has a team of staff dedicated to the provision of funded Information Communication Technology support for businesses in the region.

### Examples Of Completed Projects:

- Developing information security framework for an ISP
- Developing a Customer Relationship Management Database
- Research into web services
- Production of multi media CD ROMs

### Project Time Frame:

Outline project proposal submission date:

**23rd February 2007**

Selection & allocation date:

**28th March 2007**

Start date:

**13th April 2007**

Finish date:

**7th September 2007**

**InfoLab21**
